A result driven and resourceful individual with a keen interest in cloud computing and Python development, always seeking new experiences and committed to ongoing learning. I am eagerly anticipating my first job opportunity.

INTERNSHIP

- **Research Intern @St Joseph Engineering College -** November 2024 - December 2024
- **Cloud computing intern @Pinnacle Labs -** September 2024 - October 2024
- **Python Development Intern @Octanet services Pvt Ltd -** August 2024 - September 2024

PROJECTS

- **AWS EC2 Remote Web Application Hosting.** link
- **Implemented a static website using AWS S3 for efficient and scalable content hosting.** link
- **TechTide Laptop Price Prediction Model using Pandas and Random Forest Regression.**link
- **Interactive ATM Banking Simulation(Python)** - Script simulates a simple ATM machine. link
- **Hand Gesture Volume Control System** : A Python application that allows usersto control their system's volume using hand gestures using OpenCV2,Mediapipe,PyautoGUI. link
- **Hosted a static website on AWS using Amazon S3 and Route 53**. link
- **Advancements in Automatic Number Plate Detection System :A** web based application for college on the topic of advancements in number plate detection systems using Machine learning model. A ML model for OCR and object detection in google cloud and vertex ai AutoML. link
- **AlchoALL-Mart - An Interactive Web Application -** A web application called "AlchoALL-Mart" utilizing a combination of HTML, JavaScript (JS), and PHP. link

EDUCATION

- Master of Computer Application | Ongoing | St Joseph Engineering College, Vamanjoor, Mangaluru.
- Bachelor of Computer Application | CGPA - 8.3 | St. Aloysius College Autonomous, Mangaluru
- PUC Science PCMC | 82% | St. Aloysius Pre University College, Mangaluru
- SSLC | 91% | Sacred Heart High School, Hirebile

ACHIEVEMENTS AND CERTIFICATES

- Online certificate for the course **Introduction to NoSQL Databases** authorised By IBM and offered by Coursera.
- Online certificate for the course **Introduction to Git and GitHub** authorised By Google and offered by Coursera.
- Research paper on **Innovative Methods of Teaching And Learning For Education**. (2024).
- Participated and presented a **research paper titled Advancements in Automatic Number Plate Detection Models in National Level Conference** - Collaborating Disciplines Through Interdisciplinary Research.(2023)
- Participated in **IMPETUS** - organized by Research and Innovation Cell in Association with Entrepreneurship and Consultancy cell, St. Aloysius College.(2023)
- Online certificate for the course **Cloud Service Providers**(GreatLearning).

SKILLS AND INTERESTS

- Python programming(ML,NumPy,Pandas.Opencv2), Cloud computing(AWS) , MySql,NoSQL,HTML,CSS,PHP.
- Sports,Books,Music.
